

**Chemical Drug often used for skin issues,  
and reasons why your pet is not getting better.**

e.g Using Drug-resistant antibiotics when treating golden staph, which often cannot be cleared with chemical antibiotics, and to avoid ongoing drugs and side effects use the safe and effective herbal formula.

## **Infections caused by Golden Staph** (Staphylococcus aureus)

**Common infections caused by golden staph include:**

- boils and abscesses – infections of the skin

**More serious infections include:**

- meningitis – infection of the membranes lining the brain
- osteomyelitis – infection of the bone and bone marrow
- pneumonia – infection of one or both lungs
- septic phlebitis – infection of a vein
- endocarditis – infection of the heart valves.

THIS IMPORTANT INFORMATION IS ABOUT WHAT CHEMICAL DRUGS CAN DO TO THE BODY AND SYMPTOMS TO LOOK OUT FOR. IF YOU ARE CURRENTLY GIVING YOUR DOG OR CAT ANY OF THE BELOW CHEMICAL PRODUCTS. PLEASE CONSIDER DETOX YOUR PET AND WHERE POSSIBLE USE SAFE ALTERNATIVES

**\* (asterisk) means we have this in homeopathic form of the DRUG in the HAMPL Chemical Detox110 formula (of the toxic drug to aid a detox from this drug) - Please send a sample of drug to our Clinic - if we don't have it .**

The found of 'Homeopathic medicine" physician Samuel Hahnemann said to  
"remove the obstacles to the cure" so detox of these chemical is vital.

## HOMEOPATHIC DETOX

**HAMPL ChemPoision 110 30ml plus Activiated Charcoal powder (set of 2)**

This one is good for not well since taking a drug, or insecticide products, now seizures, paralysed, High liver enzymes etc. Or we can provide the one drug antidote instead of the combination detox. ~ Also use the formulas for the symptoms of damages...  
seizure - neurological damages repair, paralysis etc ask out practitioners our recommendation.

\* means we have this in homeopathic form of the toxic drug is in the above formulas to aid a detox from this drug. Or on request we can provide just one drug detox specifically to the drug your pet has not been well since taking it or had acute side effects from within minutes or hours. If you dont see a drug that your pet is taking or did take, please send a tiny sample of it to our clinic and we will post out the detox homeopathic version to you

**\* (asterisk) means we have this in homeopathic form of the DRUG in the HAMPL Chemical Detox110 formula (of the toxic drug to aid a detox from this drug) - Please send a sample of drug to our Clinic - if we don't have it .**

## If your pet (or yourself) have been on one round or many rounds of chemical antibiotics.

~ HOW TO FIX.... leaky gut, immune disorder, malabsorption issues and low defense system from damaged gut flora. This will help reduce inflammation and also a stronger resistance to infections.... bacterial, viral and fungal invasion.

GUT (min brain) .. And a good probiotic to help repair her gut from so much stress

### 1. PROBIOTICS

There are many many different strengths and types of Probiotics. For example here are some of the ones we like below (as the whole family can take it also)

"ProBiotic 12 Powder" \* 200 Billion CFU's (brand - Seeking Health)

~ USA order from here [SeekingHealth.com](http://SeekingHealth.com)

~ Australia - <https://return2health.com.au>

They are expensive, but they work the best I have ever tried. I have tried many and they just didn't make a difference. Many of the Probiotics are very weak, these are all strong probiotics, so you don't need much per day. If initially it upsets stomach, or loose stools, what works is to take a lower strength of a Probiotic for 2 weeks, then go back to the powerful one and all will be good, Pets and whole family can take these.

It takes 2 months to fully restore gut flora.

and

### 2. COLOSTRUM

We find animals and pets who have been under a lot of stress e.g rescue cats and dogs and kittens need colostrum due to stress or malnutrition when growing up or inherited from parents.

~ This Colostrum - SYMBIOTICS COLOSTRUM - POWDER

**\* (asterisk) means we have this in homeopathic form of the DRUG in the HAMPL Chemical Detox110 formula (of the toxic drug to aid a detox from this drug) - Please send a sample of drug to our Clinic - if we don't have it .**

[https://au.iherb.com/pr/Symbiotics-Colostrum-Plus-Powder-1-3-lbs-597-g/4091?gclid=EAIaIQobChMI7LaZjcen5gIVE6mWCh02ugInEAQYAiABEgK\\_GfD\\_BwE&gclsrc=aw.ds](https://au.iherb.com/pr/Symbiotics-Colostrum-Plus-Powder-1-3-lbs-597-g/4091?gclid=EAIaIQobChMI7LaZjcen5gIVE6mWCh02ugInEAQYAiABEgK_GfD_BwE&gclsrc=aw.ds)

Or

~ Colostrum chewable yummy - TABLETS \*\*\* Dogs and kids love these.

<https://www.deepbluehealth.co.nz/collections/dairy-series/products/milk-colostrum-tablets?variant=12099010134116>

## GENERAL DOSAGE GUIDE: USING POWDER

### CAT and KITTENS, INFANT PUPPY, RABBITS

~ A good pinch in milk drinks to share for cats and kittens or pups twice a day.

Feline: mix 1/4 teaspoon of colostrum, 1/4 cap of powder from the Probiotic above in meals. Small to Med to Large Canine: mix in 1 teaspoon of colostrum and 1/2 cap of Probiotics of goats milk or coconut milk - the second best option is food.

Colostrum can repair leaky gut syndrome which can be the cause of constipation and diarrhea. If constipation is caused by a deficiency in minerals - potassium and magnesium. Since colostrum can decrease IBS (leaky gut syndrome) ulcerative colitis etc i.e. intestinal permeability and enhance the assimilation of nutrients, using colostrum as a foundation supplement can enhance the bio availability of nutrients and protect the digestive tract from toxins and pathogenic invaders. Colostrum contains many substances that play a critical role in the healing of leaky gut syndrome.

### ALL OTHER SIZES

~ DOUBLE the amount of Colostrum Powder for larger pets and farm animals. eg. calves, foals - add the powder to water and oral syringe or add with an herbal antibiotic in apple juice. Repeat up to 6 times a day if having gut issues.

**\* (asterisk) means we have this in homeopathic form of the DRUG in the HAMPL Chemical Detox110 formula (of the toxic drug to aid a detox from this drug) - Please send a sample of drug to our Clinic - if we don't have it .**

Or hand feeding the CHEWABLE colostrum TABLETS

(more suitable for med to larger animals and canines, humans and children)

~ Two or more a day chewable tabs for medium to larger pets. DOGS will take them from your hand as they are so tasty. Maybe for toy dog or cats use the powder in meals.

Add to milk drinks and to meals ongoing but after one to two months you will see how much better digestion is and wellness.

Or a good pinch of the Colostrum powder in felines and toy dogs meals and milk drinks twice or more a day if possible. Take ongoing

**\* (asterisk) means we have this in homeopathic form of the DRUG in the HAMPL Chemical Detox110 formula (of the toxic drug to aid a detox from this drug) - Please send a sample of drug to our Clinic - if we don't have it .**

# ANTIBIOTICS Drug side effects

## CONVENIA

Convenia is a veterinarian-prescribed antibiotic medication indicated to treat certain types of bacterial infections in cats and dogs. It is administered as one subcutaneous injection beneath the surface of the skin, and is effective for up to 14 days, according to Pfizer Animal Health, the pharmaceutical distributor of this medication. Cats and dogs must be at least 4 months old before receiving Convenia as its side effects are dangers.

### Side Effects of Convenia

#### Nausea or Vomiting

After receiving Convenia, cats and dogs may develop upset stomach side effects, including nausea or vomiting. During clinical trials for this medication, vomiting was observed in approximately 5 percent of dogs and 8 percent of cats, reports Drugs.com. Upset stomach side effects may also contribute to a temporary decrease in appetite. Pet owners may notice that their pet is uninterested in eating at mealtime or won't eat favorite treats. These side effects typically subside within a few days of treatment.

#### Diarrhea

Convenia may cause diarrhea side effects, PetPlace.com reports. Pet owners may notice that they need to clean the litter box or let their dog out more frequently than usual. Depending on the severity of diarrhea side effects, certain pets may accidentally soil furniture or flooring due to sudden bowel movement urges. If the diarrhea persists or becomes severe, or if pet owners notice blood in their pet's stools, the affected cat or dog should be taken to a veterinarian as soon as possible.

#### Fatigue or Lethargy

In clinical trials for this medication, lethargy was observed in approximately 4 percent of treated cats and dogs, according to Drugs.com. Affected pets may seem tired or may not be as playful as usual. Certain cats treated with Convenia may display unusually hyperactive behavior, PetPlace.com warns. Such side effects generally resolve within a few days following initial treatment with Convenia.
